Dear Sir

Barry is going to your ship
today, and I wish to say
to you that if there is
anything I can accommodate
you with during the Spring
Whaling, such as Bread & meat
and anything else I will
willingly do so.

Very respectfully yours

Oak Bluffs July 23^d 1913.

Capt. Andrew West.
Monta. Ecuador.

Dear Sir.

I did not receive but one letter from you after your arrival at Valparaiso, and you seemed to be in some trouble about your License. I wrote to William R. Grace, or rather to Wesel Laval he asked him to consult the Chilean Consul at New York and he referred me to the Chilean Consul of Boston as that was the Chilean Consul of Massachusetts also your name was Registered on the book at the New Bedford Custom House. About that time I received a letter from Capt. Lynce, he thought you would not have any trouble a little Regl. lapse, and the Company would fix that up. I came down here June the 5th consequently I don't know but little what is going on in New Bedford. I received one letter from the Company prior to your sailing and they seemed pleased and spoke highly of you. I certainly hope you will get a good cut of Sperm Oil. If there is anything I can do for you in sending out any Article I would be glad to assist you. We are all well. Hoping this may find you the same, Please write one from Monta.
Yours Respectfully Alden T. Potter
